Judge E. E. Swink, who is a member of the State Fair Board, attended a meeting of the board at Sedalia last week. The latter part of September was fixed for the opening of the next State Fair. This conflicts with the meeting of the Illinois State Fair, which is set for the same time, but the board thought it was the most propitious time, and it was difficult to name any other date without conflicting with some of the neighboring State fairs. Judge Swink says the Missouri State Fair is growing in popularity and interest among farmers and stockmen, and that it has the best show of stock of any of the fairs in the circuit, covering eight or ten States.

Dr. C. A. Anthony of Fredericktown was here Sunday in consultation with Dr. Eugas over Mrs. Wulbert, who is seriously ill.

As each Sunday morning dawns Albert Belkin's mind flies westward, stops and lingers around the beautiful country near Knob Lick. Albert's mind being absent from the body the body cannot rest, so he mounts his steed and starts west. When he gets near the appointed place he begins to smile, and as he reaches the gate there is a twinkle in the eye and the heart flutters; when he reaches the door he is all smiles.

The ladies of the Christian Church have organized a Ladies' Aid Society and elected the following officers: Mrs. F. L. Graham, president; Mrs. G. N. Baker, vice president; Miss Barbara Belkin, secretary; Miss Kate Keith, treasurer. We are informed that the aid will give a supper on the evening of February 22d. It should be well patronized by the people, for surely it would be helping in a worthy cause.

FELIX

RURAL ROUTE NO. 3.

We have had an extremely cold spell for this winter.

Some of our farmers think their wheat was injured by the last cold spell.

We understand that L. T. Hunt has sold his farm north of Farmington; consideration not known.

Our farmers are busy clearing up land, repairing their fences and hauling manure preparing for the coming crop. Such enterprise bespeaks prosperity.

Mrs. Emily Presnell, widow of the late Dr. Presnell, has moved to Mr. John Marks', her father's uncle, Mr. and Mrs. Marks are in poor health.

We were indeed sorry to hear of the death of our old friend Hous and Kenner. We have known Mr. Kenner for many years. He was indeed a good man. May he rest in peace.

Last week we noticed a number of men, teams and scrapers going out along rural route 3 to Houck's new railroad, supposably to work.

Ste. Genevieve county is sure going to have another railroad.

F. M. Laws and wife visited Mr. Law's children near Chestnut Ridge last Sunday, returning to their home at Desloge the same day. Master Fred and Mariana accompanied them home.

Our young neighbor Harry Phillips was taken seriously ill one night last week at the home of his father-in-law, Ellis E. Clay. They sent for Dr. Robinson and he is now convalescing.

Our old friend Jerry Hopkins has bought the farm just south of and adjoining his home place, of Mr. Gruner. It contains 103 acres and sold for \$5,800. Mr. Hopkins now owns one of the best farms in St. Francois county.

Kennett Laws has rented the farm of the late Thomas Marks, five miles east of Farmington and will move onto it. He has also bought a fine span of 3-year-old mules. Kennett is a hustler and up-to-date farmer.

Your scribe had a special invitation to partake of beans and black coffee on the evening of the 12th, Lincoln's birthday, with Picket Post No. 215 G. A. R. Sorry we could not be present and partake of a little of a soldier's joy.

If all of us could realize the many things we do not know and how little we do know, and try more than we do to follow the

Golden rule, "Do unto others as we would have others do unto us," what a vastly better world this would be. R. R. No. 3.

A Food to Work On

Work! Work!! Work!!!

Lots of energy is needed to keep up the pace. In the struggle, the man with the strong body and clear brain wins out every time.

The man of to-day needs something more than mere food; he needs a food that makes energy—a food to work on.

Although some people may not realize it, yet it is a fact, proved and established beyond doubt, that soda crackers—and this means **Uneeda Biscuit**—are richer in muscle and fat-making elements and have a much higher per cent. of tissue-building properties than any other article of food made from flour.

That this is becoming known more and more every day is attested by the sale of nearly 400,000,000 packages of **Uneeda Biscuit**, the finest soda cracker ever baked. An energy-giving food of surpassing value—sold in a package which brings it to you with all the original flavor and nutriment perfectly preserved. *Truly the food to work on.*

Whoever you are—whatever you are—wherever you work—**Uneeda Biscuit**.
